"Hypocrites Won Out," is the startling headline in big type over the Argus report of the Republican State convention. It is a grave and unwarranted accusation to make against 1200 representative men of Maine. To denounce as hypocrites who do not believe as one does betokens an unenviable "state of mind."—Portland Press.

hours, of Paris, who rode a bicycle 215 miles and 291 yards in twenty-four hours at the remarkable average rate of thirty-four miles an hour. When one considers the delay and stops entailed in such a race, it means that for hours the rider must have been pedaling his bicycle at the rate of fifty miles an hour, and sometimes even faster than that. The old record for the time was 634 miles and fifty-seven yards, or about seven hours slower than Bouhours' record. It is true that Bouhours was paced by a motor cycle, but he rode without a wind shield, and for a large part of the time he made his own pace—Leslie's Weekly.

Referring to Fred W. Wright in the gossip the Portland Press said: "The Governor is having a very easy time of it this year, but his old campaign manager (Mr. Wright) is still in the harness, having just finished the task of winding up the Sweeney bail of yarn in the second district. Mr. Wright is the mildest mannered man that ever ran a campaign, but there are quite a number of men with sore knuckles and aching shins that can tell you that he is a fighter, every inch of him. The man whom he had just pulled through with a three-to-one vote, Hon. Charles E. Littlefield of Rockland, was in the crush Tuesday night, looming up in all his stalwart ruggedness, and looking as though he had been attending a number party instead of engaging in a life and death struggle for his seat. For more than an hour he stood in the office, shaking hands with numerous friends, who congratulated him on his re-election, and he did not leave him in advance on his re-election in September."

Representative Frederick Stevens of St. Paul, figured prominently in the consideration of the Pure Food bill last week by the House. Hon. and Representative Mann of Chicago, who had charge of the bill, kept the grocery store in front of the speaker's rostrum for three days, having a vast assortment of canned and bottled goods before them, with which to illustrate how articles of diet are adulterated. Representative Mann did most of the talking and explaining, but Mr. Stevens, who formerly resided in Bangor, stood behind the counter most of the time to hand over a given article any moment when Mr. Mann wanted it. He seemed as familiar with the "outfit" as could any corner groceryman with his stock of goods and occasionally Mr. Stevens stepped out from behind the counter to address the House in very unrefined manner about pending amendments. Mr. Stevens is now recognized as one of the strong legislators from the north-western group of states. He does much of his hard work on the Interstate Commerce committee, which has had a deal of important legislation to handle this winter.

WONDERLAND'S WINNING SHOWS

Wonderland's popularity evidently knows no bounds. Indeed this million-dollar pleasure realm at Revere Beach has inaugurated a new era in amusement enterprises, not alone for Boston and Greater Boston, but for all New England. The delight exhibited by the juvenile patrons of Wonderland is unbounded, and so infectious is their joy that everybody is glad the boys and girls now have their eagerly anticipated opportunity to participate in the pleasure of the "City Beautiful."

visit to Wonderland makes it clear to even the least observant that this, the latest and largest of New England's pleasure resorts, is peculiarly adapted for a recreation realm for mothers and children. Everything about it is new and fascinating. Its amusements are pure, clean and wholesome, and the police regulations are such that nothing disorderly or objectionable is permitted. In point of marvels and mysteries, Wonderland is everything that the name implies—something to excite the wonder and admiration of all and to be remembered for a lifetime by every child fortunate enough to be admitted within its joyous precincts.

YOUR FAVORITE POEM

Golden Days.

Oh, days of old; oh, days of gold;

Oh, days we used to know

When life was new and hearts were true,

When streams were wont to flow

With tenderness on each gold tree

And laughing songs and glad

About our feet, and life was sweet

To just a lone and laid!

Oh, rounded stones and monotonous

Of streams we used to wade;

Oh, of the ways and wonder days:

Oh, yellow sun that laid

With tenderness on each gold tree

And kissed each faded ear

In days of old, the days of gold,

The days of yesterday!

You're twice as sweet as when your feet

Glowed red in the tide:

You grow more dear with every year

That binds you to my side.

But yet, but yet, I feel the fret

Of years that I have told:

There was no truth in days of youth

When life was sold gold.

REPUBLICAN PLATFORM.

Principles for Which the Grand Old Party in Maine Stands Today.

At the Republican state convention in Portland, June 27 the following platform was adopted:

We believe in the protective tariff, which is fundamentally based upon recognition of the differences in labor cost here and abroad. The protective tariff protects American labor, guards and sustains the scale of American wages, and thereby enables American laborers to build and maintain American homes; and while it tends to keep the American market for American industries, nevertheless our trade in foreign markets has expanded to an extent never before known.

We reaffirm our belief that reciprocity which governs the interchange with foreign countries of articles which are not the product of American labor, and we oppose any such reciprocity with Canada as will flood our markets with Canadian lumber and farm products and thus seriously embarrass the industries of this state.

We commend the policy of the Republican party in National affairs, and we especially endorse the magnificent, able, fearless and patriotic administration of President Roosevelt, and we ask the people of this state to sustain it by their votes.

We highly commend our senators and representatives in Congress and fully appreciate their high standing and influence in National legislation, and we commend them to their expression of our hearty approval.

We deplore the condition of our Merchant Marine. We believe that the enactment of the bill pending in Congress would be a pronounced step toward its revival. We congratulate our senators on the passage of this bill in the Senate, and we urge our representatives to continue their earnest efforts in its behalf.

We heartily endorse the administration of State affairs. All the expenditures and disbursements of the state have been met from current revenues, without the necessity of temporary loans and the cash balance in the treasury maintained notwithstanding a substantial reduction has been made in the rate of the State tax.

We believe in prohibition, and demand the faithful and impartial enforcement of the Prohibition Law because the business interests of the state and the material and moral welfare of the people are thereby promoted. We hold that submission to law is the highest duty of the citizen, and that good citizenship seeks the enforcement of all law at all times—nullification never.

We believe in equalization of the burdens of taxation, having regard not only to ability to bear the burdens but also to the benefits received from the state, so that all interests shall in the end contribute fairly to make up the necessary revenue.

We demand economy in expenditures, but believe that the state may properly assume a greater share of those expenditures which benefit the state as a whole, including those for schools, good roads and the care of certain classes of our unfortunate.

We are in favor of the initiative and referendum, as applied to statutes and recommend a constitutional amendment to so provide.

We recommend to the consideration of the next legislature the adoption of statutes under which all nominations for elective offices, by the political parties entitled to representation on the official ballot shall be made by direct vote of the people at primary elections held under all the safeguards of the regular election itself.

We commend the wise and consistent course of Governor William T. Cobb in the conduct of State affairs and confidently submit his record to the voters of this state for their endorsement. And we hereby pledge him our earnest and hearty support.

DISTRICT REPUBLICAN PLATFORM

Principles Upon Which Campaign in Second District Will Be Fought.

Following was the platform adopted by the convention:

The Republicans of the Second District of Maine, in convention assembled in Lewiston on the 26th day of June, 1906, submit to their fellow voters the following resolutions:

Whereas, we are going to the people in the campaign just before us, upon issues confirmed in a great measure to our State, and whereas for the past two years our party in Maine has been under the guidance of a governor, wise, far-seeing, unswervingly devoted to the right as he sees it, and unalterably opposed to that which is evil, and

Whereas, his administration has fulfilled to the people all that his speeches to them in 1904 promised—the consistent practice of a wise economy that is as far removed from sordid penury as from lavish extravagance, a fair and just administration of the law, and the growth up under the system of paying State officials in whole or in part by fees, the vigilant and vigorous enforcement of our prohibitory law, so that we look forward to the future with confidence, therefore be it

Resolved, that we pledge to the nominees of tomorrow at Portland, our loyal, hearty support, believing that the administration of the affairs of the State of Maine can now be thus left to the man whom we delight to honor, our governor, now and our governor to be, William T. Cobb.

And as we dress our ranks before the charge that shall lead to a victory for Cobb and Conscience, we invite the citizens of Maine, young men who have never before cast a ballot, and those who for years have listed at the polls, their choice of men and matters, to aid us in swelling the majority for the home, for legitimate business enterprise, for our constitution and the enforcement of our laws. We congratulate ourselves and the citizens of the Second District upon the force of character, independent manhood, and forensic ability in the performance of his congressional duties, by our representative to Congress, the Hon. Charles E. Littlefield. His integrity, uprightness and loyalty to conviction have never been questioned and merit our most hearty approbation.

And today as in former times, while there is no lack of congressional timber in the old Second Congressional District, yet when the deliberations of the body are ended, there is but one congressional candidate from the Second Congressional District, and to our nominees shall be accorded our full and unflinching support.

We commend in highest terms the attitude and determined stand for the right of the people, the welfare of the nation, and international peace and the product of the brain and handwork of Theodore Roosevelt, whose name will go down to history together with the name of our most famed and loved president, Lincoln and McKinley.

In our national policy to reaffirm our fixed belief in the beneficent upon the country as a whole, of the principle of protection to the American laborer and the product of the brain and handwork as expressed by the well-known Dingley tariff act and we view with disfavor any hasty or ill-considered advocacy of the atmosphere of protection which has showered upon us the blessings of substantial success in measure beyond that bestowed upon any other nation.

As matters deserving and demanding instant and effective attention we urge upon our delegation in Congress the furtherance of Isthmian waterway; all reasonable measures proposed for increase in growth of our freight-carrying power on the sea; the regulation of enterprises undertaken by corporations; which are but creatures of our state government, that the rights of the individual to employment and reward therefor be not lost to sight, but competition on a fair deal be guaranteed to all, and the public health, both physical and mental, be safeguarded.

Within the state we favor an equitable system of taxation, no quarter to the enemies of sobriety, temperance and virtue, a generous outlay to the education of our youth, conservative and sufficient expenditure of State oversight of roadbuilding that our highways may become of more advantage to our citizens and an added pleasure to the strangers who are annually within our gates by tens of thousands; these are the ideals of Republican doctrine and the pillars of Republican success.

WILL BEGIN IN THIS PAPER SOON

THE GLORIOUS FOURTH.

There Will Be Plenty to Do and Plenty to See Independence Day in Knox County

Tomorrow is the Fourth of July. If your hearing is good you will be warned of the fact by a more substantial manner than by a mere newspaper item, between now and midnight.

Nowhere to go and nothing to do has often been the complaint about holidays in this vicinity, but nobody can use that argument this year. Go where you will and look where you will (outside of Rockland) and there's something doing. Camden with its horse trot; Oakland Park with its fireworks and fish dinners; Oak Hill Grove, with its grange hall flag-raising; Crescent Beach, with its new electric railway; Vinalhaven with its "hose" trot; etc., etc. Nothing doing? Go to!

The Crescent Beach proposition is an especially inviting one this Fourth because the fact that a brand new electric railway paves the way to get there. No more hot, dusty drives in a top-buggy, unless you want to go tete-a-tete with a pretty girl, but instead a swift ride over smooth rails, through fields and pastures. Everybody knows what Crescent Beach is, but Crescent Beach by rail, and equipped with a new summer theatre is another matter altogether. There will be two performances one at 3 p. m. and one at 8 p. m. Particulars are given elsewhere in this issue.

Oakland Park Beautiful Oakland offers a most delightful trip in the opposite direction. Manager Thomas offers dinners that are said to be unsurpassed on the Maine coast, and there will be enough doing there all day long to make the stay there a fascinating one.

At Clark Island the Fourth of July program will include tug races, launch races, rowing races, bag races, simple Simon race, potato race, egg and spoon race, tug-of-war, greased pig and greasy pole. There will also be a baseball game, games for ladies, games for children and games for all—a good old time, with everybody welcome, and suitable prizes for all contestants. There will be dancing in the evening, with music by Atkins' orchestra. A brass band of 25 pieces will furnish music all day long.

There will be some warm races at the Camden Trotting Park tomorrow, beginning at one o'clock, when starter, A. H. Merrill of Danvers, Mass., will pull the string that rings the bell for the first heat in the three minute class. Before the races and between the heats there will be singing of patriotic songs by a grand chorus of 50 voices led by Mrs. W. H. Armstrong. A selected band will furnish music. The events and list of entries will be as follows:

3:00 Class, Purse \$100—Miss Edith, Ed. Kirby, Camden; Rockport, Ed. Kirby, Camden; Caroline, J. H. Hobbs, Camden; Lucy Wilkes, George Achorn, Camden; Annona, Ernest Davis, Rockland; Corby, Ernest Davis, Rockland; Advent, Charles Achorn, Albion; Via Mala, R. L. Bean, Camden; Blanch B. R. L. Bean, Camden.

3:25 Class, Purse \$50—Fitzgerald, Ed. Kirby, Camden; Miss Edith, Ed. Kirby, Camden; Prince Otto, B. F. Bowley, Camden; Bryan, S. J. Gushie, Appleton; Kate L., Rodman Bros., Rockland; Diamond W., G. B. Payson, Hope; Via Mala, R. L. Bean, Camden; Blanch B. R. L. Bean, Camden.

2:20 Class, Purse \$200—Tony D. George, B. R. L. Bean, Camden; Wilkes, Ed. Kirby, Camden; Monmouth, Ed. Kirby, Camden; Kassal, R. L. Bean, Camden; Nellie A. Chas. Cookson, Camden; Hiram Wilkes, G. R. Leavitt, Edinboro.

2:14 Class, Purse \$250—Declina Dean, W. F. Blasee, Camden; Isabelle, Pearl Brook Farm, Belfast; Monmouth, F. Donahue, Rockland.

All roads will lead to Camden tomorrow. There will be dancing in the opera house during the day.

Vinalhaven people are going to have a grand celebration of their own tomorrow. The citizens have made liberal contributions of cash, the trolley car has been put in excellent condition and the program arranged will call out a multitude of people. There will be some fast races at the park and the knowing ones say the track record is bound to be beaten. Everybody who has a horse that can go at all has entered for fun or glory. Then there will be boat races, ball game and other sports. The Vinalhaven band will furnish music. All boats will lead to Vinalhaven tomorrow.

The entries for the horse races are as follows:

Free For All, Trot and Pace—Guy Wonder, b. g., J. H. Sanborn; Almont X, ch. g., J. O. Carver; Little Boy, Hix & Clark; Bolt, b. g., B. E. Vinal.

2:45 Trot and Pace—F. S. b. g., W. C. Kimball; Membrino Lancewood, bl. g., H. A. Davidson; Winnie P., ch. m., I. W. Fife; Duke, bl. g., C. S. Robinson.

3:00 Minute, Trot and Pace—Tom Jr., b. g., F. B. Showman; Jupe, bl. m., J. H. Sanborn; Don, b. g., W. M. Smith; Lacy May, b. m., Wm. Benner; Gypsy Q, b. m., C. C. Carver.

The three-masted schooner Edward P. Avery, built in this city in 1884 by George Hawley and before reported towed into New York dismantled, was sold at U. S. marshal's sale June 21 for \$4,600 to the Gilbert Transportation Co. and is now in Mystic receiving general repairs.

Capt. Hank Haff, the veteran yacht master, died Sunday night. He suffered from a complication of diseases and had been failing ever since the death of his wife about a year ago.

Capt. Haff was the pioneer skipper on the cup defending yachts, commanding a Cup defender, the British expert on the time. He came into the game. Capt. Haff was a man of rare good judgment, not only in the matter of boats but also of the men to sail them. It was he who first displayed the good sense to make the defender crews up out of Maine seamen—always the best in the world. Deer Isle people, where Capt. Haff secured the most of his seamen, will be among the most sincere mourners over his passing away.
